

# ***Anderson Public Library Friends Assistance Policy***

The Friends of the Anderson Public Library organization exist to receive donations of books and materials and then sell them to benefit the programs provided by the Library. Since the Friends are providing valuable financial assistance to APL we will assist them by allowing a staff member to create and print sale notices and create digital publicity as needed and allow Collection Services staff to assist with specialized tasks. Staff time will not exceed two hours per month. The Director or designate will monitor the time spent on these projects.

Approved by the Board of Trustees on 1/21/15.
